Dear all,

I agree with Wei's comments.

Attached are my comments (which I forgot to include in my previous email).

You can submit the proposal after taking care of these corrections (and use this email as a proof for my approval).

Best regards,
Ingrid

Dear Margaux and Khadar,

Attached are my comments. I suggest reducing the time span since "1946 to 2024" is quite extensive. Additionally, you can find the related information in the paper that Prof. Ingrid sent.

If you have any practical questions while fitting the model, don't hesitate to reach out to me.

Best regards,

Wei
